Freddy's Fastener Tip

Watch Your Torque in Cold Temps - Don't rely on feel when the temperature drops. Always use a calibrated torque wrench and follow manufacturer specs to avoid over-tightening before the winter freeze set in.

trick

Long lead times from suppliers who drop the ball

Hard to source custom parts delaying a project launch

Stock outs of essential supplies when you need them

Spending high-cost skilled labor hours bagging, labeling, and sorting hardware.

treat

Fast, direct sourcing through SC Fastening's manufacturer network.

Custom-machined parts manufactured directly from your engineered prints.

Customized inventory management so your bins are always stocked.

Our custom kitting, assembly & special packaging delivered job-ready to your shop floor.

October is the only month of the year where all four major American sports leagues—the NFL, MLB, NBA, and NHL—have active games scheduled at the same time. Fans call this rare overlap the "Sports Equinox."
